

Boise Valley Habitat for Humanity is looking forward to having your group of 5-8 volunteers at our construction site. Remember that we must limit the number of people on the site for safety reasons and to ensure that everyone has the opportunity to be productive. Your donation of time and labor helps us provide simple, decent, affordable homes to hard working families in Ada County. We promise a fun, productive day for all of you!

Time 7:45am - 3:00pm

Our day begins at 7:45 with a warm welcome and a brief safety training. We take a lunch break at 11:30. We ask that each person stay for the entire scheduled time so that we can be sure of completing the tasks planned for the day and allow time for clean up.

Location 717 S. Cuprum Ave., Kuna

I-84 to the Meridian Rd. exit
South on Meridian Rd.
West (right) on Avalon St.
Left on Ten Mile Rd.
Right on Sunbeam St.
Right on Cuprum Ave.

Clothing Long pants offer more protection than short pants. Layers of clothing are recommended so that the worker can adjust to the temperature. No loose jewelry please.

Footwear

Good quality work boots are recommended, with a heavy, treaded sole that offers support, traction, and protection.

Light hikers and athletic shoes are acceptable. Duties performed may be determined by footwear.

Equipment **Please bring work gloves.** We will provide all tools, safety glasses, and hard hats. Those who own tool belts may opt to bring their own.

Lunch Provided

Age Limit All volunteers on our construction site must be 18 years of age or older.

Training We recommend that participating volunteers complete the online safety training course at www.hffaffiliateinsurance.com. (Select **About/About Our Program/Online Training Course Begin Now**, to get password **W8NAEBTG**. Select **Volunteering on a HFH Job Site**).
